## Summary

Motivated fresher skilled in Java, JavaScript, SQL, React, CSS, and HTML. Ready to apply my technical and problem-solving skills to drive innovative projects and continuous learning within a forward-thinking organization.

## Education

### Bachelor of Engineering (Graduated 2024)

KLS Vishwanathrao Deshpande Institute of Technology, Haliyal  
CGPA - 7.0

### Pre -University College

Smt. Vidya P Hanchinmani College, Dharwad  
Percentage - 62.33%

### SSLC

Milagres English Medium High School, Haliyal  
Percentage – 85.60%

## Projects

### IoT-Based Smart Energy Meter Monitoring and Billing System.

- Overview: Developed an innovative IoT-based system for real-time energy monitoring and automated billing, enhancing efficiency and transparency in energy consumption management.
- Key Features: Implemented real-time energy monitoring, ensuring accurate and timely data collection; automated billing, reducing manual intervention and errors; user-friendly interface for seamless operation and monitoring.
- Tech Stack: Utilized IoT hardware for data acquisition, Java for application development, and SQL for robust database management.

### Attendance Tracker For College And Students.

- Overview: The Attendance Tracker for College and Students is a web application designed to streamline attendance management and provide easy access to student records.
- Key Features: The application includes features such as efficient attendance tracking, real-time student record updates, and a user-friendly interface for both students and faculty.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap, MySQL.

## Internship

### Full stack Web Development.

08/2023-09/2023

- Overview: Full Stack Web Development involves creating both the front-end and back-end components of web applications. This role typically includes designing user interfaces, developing server-side logic, and managing databases.
- Key Features: Development of responsive web interfaces using HTML, CSS, and JavaScript; implementation of dynamic functionalities with ReactJS; handling of server-side operations and database management with SQL.

## Certifications

- Infosys Springboard Basics of Python.
- Python for Software Engineering (Certified by Chegg).
- Completed JavaScript Fundamentals certification from Geekster [[Naveen Bhajantri](#)]

## Skills

- Computer Languages: Java, Python
- Web Technologies: JavaScript, HTML, CSS
- Databases: MYSQL
- Tools & Technologies: Git & GitHub, VS Code
- Soft Skills: Quick Learner, Problem Solving, Team Leadership, Hard Working.
